EDUCATION

- **Jaypee Institute Of Information Technology** Noida, India
Bachelor of Technology - Computer Science And Engineering; GPA: 8.1 ; SGPA : 8.7 Sep 2021 - May 2025
Courses: Database Management System, Operating Systems, Data Structures and Algorithms ,Object Oriented Programming in C++
- **Khalsa Montessori Sr Sec School** Bulandshahr,Uttar Pradesh,India
Senior Secondary ; Percentage: 97.8 April 2019 - April 2021
- **Khalsa Montessori Sr Sec School** Bulandshahr,Uttar Pradesh,India
High School ; Percentage: 96.4 April 2017 - April 2019

SKILLS SUMMARY

- **Languages:** C++, SQL, Javascript
- **Frameworks:** React.js,Node.js,Express.js HTML, CSS
- **Tools:** Unix , Git, MySQL, MongoDB
- **Coursework:** DBMS, Operating System, OOPS, Computer Networks, LargeScale Databases

PROJECTS

- **SplitBuddy (MongoDb, React.js, Node.js, Express.js, Material UI):**
Live Github (5/2024 - 6/2024)
 - Developed a MERN app for **expense logging and group splitting**.
 - Implemented **Express.js backend with JWT authentication** for data security.
 - Integrated **MongoDB** for efficient data storage and retrieval of user data and posts data
- **Chat Analyser(Python, Matplotlib, Seaborn):**
Live Github (8/2023 - 12/2023)
 - Developed a WhatsApp chat analyser web application enabling quantitative analysis of chats via diverse visualization plots.
- **Delhi Metro Path Finder(C++,Dijkstra's Algorithm):**
Live Github (11/2022 - 12/2022)
 - Implemented a **C++ console based app** which helps the users find the shortest path or a path with minimum interchanges between two metro stations in a fictional metro network.
 - This enhanced understanding of **dijkstra's algorithm** through real life application.

EXPERIENCE

- **Knuth Programming Hub** IIIT Noida
Student Coordinator (Full-time) Aug 2023 - Present
 - Spearheaded a series of intensive workshops focusing on programming fundamentals and data structures algorithms, within 5 months.
- **Codess Cafe** Remote
Mentee & Organizer Feb 2022 - Present
 - **Pro-bono mentorship:** For collegiate women in tech, helping them unlock their true potential.
 - Recognized for my active involvement as a mentee within the community, I have been entrusted with responsibility of mentorship empowering tech enthusiast to reach their full potential

HONORS AND AWARDS

- Selected for **Amazon ML Summer School** among top 0.03% students out of 85000 applicants all over India
- Earned **Postman API Student Expert Badge** - June, 2024
- Solved **450+ questions on Leetcode** - October 2023
- **First Prize Winner at OSDCHack'23** among more than 50 all-girls teams - April, 2023
- Selected as **Mentee for Codess.Cafe Women In Tech cohort** - February 2022

VOLUNTEER EXPERIENCE

- **Tech Volunteer At IEEE Student Branch IIIT** Noida, India
Instructed and mentored 50+ students on C++ programming basics. July 2022 - July 2023
